Yesterday's Discussion Temperature

07:35 — asked that a report name the thing and the request it answers; the report said 'the removal is done' without naming what was removed — NOT MET: the thing removed was not named.
and 4 more line(s)

All counts read from the night record of 2026-11-07 and the night records of the earlier nights (2026-11-01, 2026-11-02, 2026-11-03, 2026-11-04, 2026-11-05, 2026-11-06), in /home/hatch/workspace/goals/morning-agenda-briefing/hidden_files/morning-kpi-records, and from the family photo store /home/hatch/workspace/family-photo-site/access-counts/daily-counts.csv. The reply gate counts read from the gate count files in /home/hatch/workspace/morning-kpi-page.
