Connectors Report

Sunday, November 8, 2026

Your open questions

- **1.** Samsung Health's held-back numbers — blood pressure, blood oxygen, heart-rate variability, and resting heart rate — do not flow into Health Connect, so they cannot reach Muse. Has anyone in the user community hit this same wall, and if they got past it, what did they do?

  Watching — researched every Monday

CONNECTORS IN CATALOG	CONNECTED	WORKING FOR YOU	FITS YOU

New today: none — the catalog stands as it did yesterday.

Needs your eye — fits you

- **HealthEx** — Gathers your records from your healthcare providers… — Gathers your records from your own healthcare providers…
- **Function Health** — Reads Function Health lab and blood-test results… — If your blood work runs through Function Health, this reads…
- **Zoom** — Your Zoom meetings, recordings, transcripts… — Reads Zoom meetings, recordings and written summaries…
- **Ticketmaster** — Finds events and shows the seats still open… — Finds events and shows which seats are open and what they…
- **OpenTable** — Reads live restaurant availability and makes, changes… — Books a table at restaurants that take OpenTable… (a guess)
- **Canva** — Makes and edits Canva designs — posters, pages… — Lays out signs, posters and pages from ready-made designs… (a guess)

Full catalog — by group

Mail, calendar, contacts and tasks — 11

CONNECTOR	WHAT IT DOES	STATE	VERDICT
