Last night's KPIs — Monday, November 09, 2026

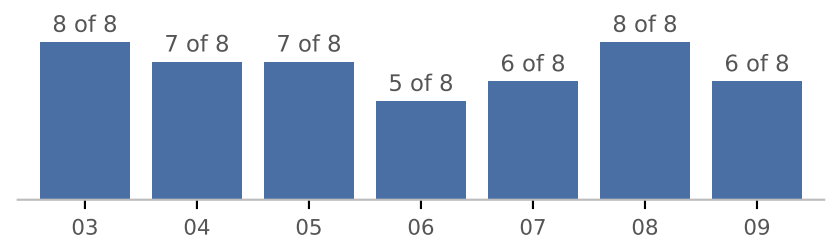
Problems found

One run failed: Morning briefing. One run left no record: Morning Scroll chain.

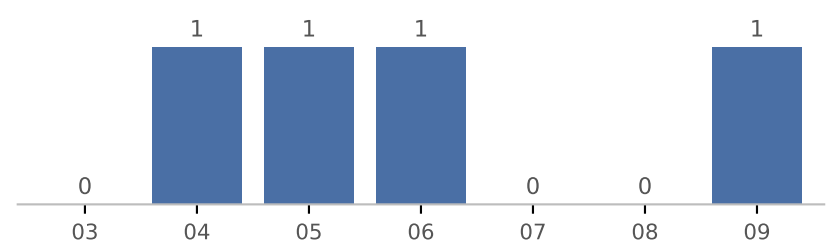
The counts

Each line: last night, and the last 7 nights (November 03 to November 09, oldest first).

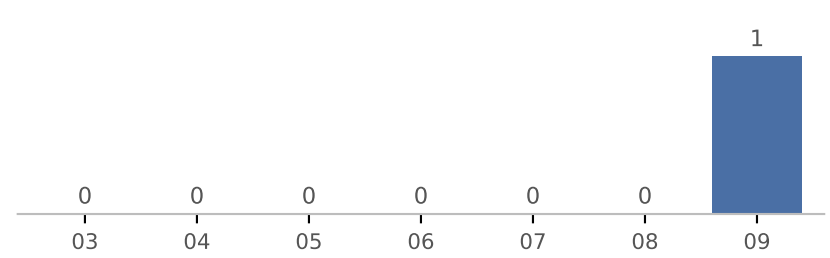
Finished by 5:00 AM — last night: 6 of 8



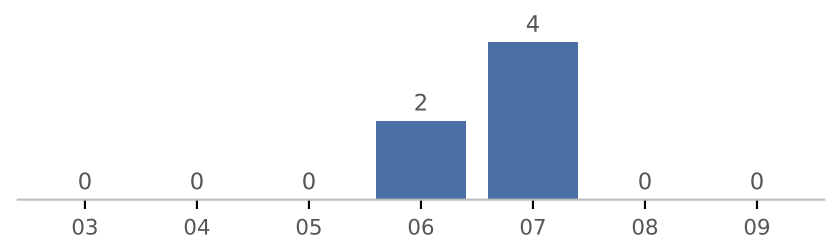
Failed runs — last night: 1



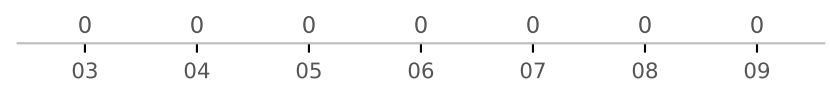
Runs with no record — last night: 1



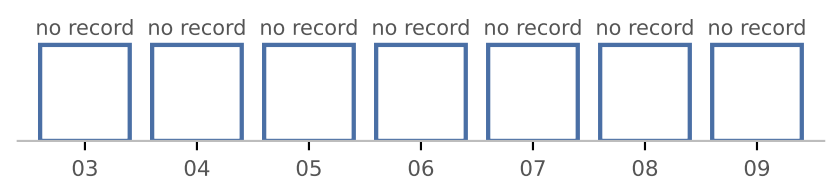
Retries — last night: 0



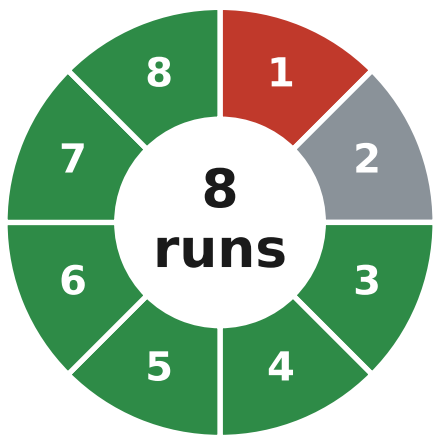
Mismatch count — last night: 0



Reply gate — stopped replies — last night: no record



The runs — one slice for every run in the set, numbered to match the list



1. **Morning briefing — failed**

   The Scroll chain stopped at gate item 104 on a GitHub 403 rate limit, so the edition was built locally but not published.

2. **Morning Scroll chain — no record**

   The job's run stood at failed at the check. No verify record for the night was found.

3. **Healthcare providers job — finished**
4. **Yard and estate sales — finished**
5. **Steward's Ledger — finished**
6. **GitHub billing watch — finished**
7. **Daily walk watch — finished**
8. **Daily escrow update — finished**
